

# Product Specification

Standard number : AR-01-02  
Issue number : CDD22  
Code number : 30070003

Name : Aluminium standard solution 0.1mg Al/mL (100ppm)

(Other name : )  
Grade : A R  
Volume : 1 0 0 mL

3-2-12 UCHIHIRANOMACHI, CHUO-KU,  
OSAKA 540-0037, JAPAN

HAYASHI PURE CHEMICAL IND.,LTD.

| No. | Item                           | (unit) | Specification |
|-----|--------------------------------|--------|---------------|
| 1   | Appearance (Form)              | -      | Liquid        |
| 2   | (Hue)                          | -      | Colorless     |
| 3   | Assay(% of the labeled amount) | %      | 98 ~ 102      |
| 4   |                                |        |               |
| 5   |                                |        |               |
| 6   |                                |        |               |
| 7   |                                |        |               |
| 8   |                                |        |               |
| 9   |                                |        |               |
| 10  |                                |        |               |
| 11  |                                |        |               |
| 12  |                                |        |               |
| 13  |                                |        |               |
| 14  |                                |        |               |
| 15  |                                |        |               |
| 16  |                                |        |               |
| 17  |                                |        |               |
