

## Dibutyltin dichloride-d18

Hayashi Pure Chemical Ind.,Ltd. Date of issue: 7/1/2020 Revision date: 2/2/2023

SDS code: D4-09

Version: 03

### Safety Data Sheet

### 1. Chemical product and company identification

Product name	:	Dibutyltin dichloride-d 1 8				
SDS code	:	D4-09				
Company/undertaking identification HAYASHI PURE CHEMICAI Address : 3-2-12 Uchihiran Telephone : 06-6910-7305 E-mail : shiyaku_kikaku@h URL : https://www.hpc-j.co.	oma pc-j	nchi, Chuo-ku, Osaka, Osaka, Japan				
Emergency number	:	06-6910-7305				
Recommended use	:	For research and experimental use only.				
Restrictions on use	:	Do not use for any purpose other than research and experiment. Do not use on a human body or for animal medicines, foods, household products, cosmetics, etc. Do not use in the environment.				

### 2. Hazards identification

#### **GHS** classification

Ono classification		
Physical hazards	Explosives	No classification
	Flammable gases	No classification
	Aerosol	No classification
	Oxidizing gases	No classification
	Gases under pressure	No classification
	Flammable liquids	No classification
	Flammable solids	classification not possible
	Self-reactive substances and mixtures	No classification
	Pyrophoric liquids	No classification
	Pyrophoric solids	classification not possible
	Self-heating substances and mixtures	classification not possible
	Substances and mixtures which in contact with water emit flammable gases	No classification
	Oxidizing liquids	No classification
	Oxidizing solids	No classification
	Organic peroxides	No classification
	Corrosive to metals	classification not possible
	Desensitized explosives	classification not possible
Health hazards	Acute toxicity (oral)	Category 3
	Acute toxicity (dermal)	classification not possible
	Acute toxicity (inhalation:gas)	No classification
	Acute toxicity (inhalation:vapors)	No classification
	Acute toxicity (inhalation:dust/mist)	Category 2
	Skin corrosion/irritation	Category 1
	Serious eye damage/eye irritation	Category 1
	Respiratory sensitization	classification not possible
	Skin sensitization	classification not possible
	Germ cell mutagenicity	Category 2
	Carcinogenicity	classification not possible
	Reproductive toxicity	Category 1B
	Specific target organ toxicity (single exposure)	Category 1 (respiratory system)

	Specific targ	get organ toxicity xposure)	Category 1 (immune system, liver)
	Aspiration h	azard	classification not possible
Environmental nazards		to the aquatic t, short-term (acu	Category 1 te)
		to the aquatic t, long-term (chro	Category 1 nic)
	Hazardous	to the ozone laye	classification not possible
Hazard pictograms (GHS JP)	L Z	Sec.	
	GHS05	GHS06	GHS08 GHS09

Do NOT induce vomiting. 30+P331) N (or hair): Take off immediately all contaminated clothing. with water . (P303+P361+P353) ED: Remove person to fresh air and keep comfortable for (P304+P340) S: Rinse cautiously with water for several minutes. Remove nses, if present and easy to do. Continue rinsing. 51+P338) d or concerned: Call a POISON CENTER or doctor.
Storage		: Store in a (P403+P2	well-ventilated place. Keep container tightly closed.
Disposal		: Dispose o	f contents/container to hazardous or special waste collection coordance with local, regional, national and/or international

#### 3. Composition/information on ingredients

Distinction of substance or mixture : Substance

Name	Concentration or	Formula	Kanpo	CAS RN		
Name	Concentration range	i ornidia	CSCL no	ISHL no	OAD MIT	
Dibutyltin dichloride-d18	≧99%、≦100%	C8D18Cl2Sn	(2)-2331	1-(2)-42	683-18-1	

The above concentration or concentration range are not product specification.

All percentages listed in the above concentration or concentration range are wt%, unless otherwise specified.

# 4. First aid measures

First aid measures		
First-aid measures after inhalation	:	Remove person to fresh air and keep comfortable for breathing.
		Get immediate medical advice/attention.
First-aid measures after skin	:	Remove/Take off immediately all contaminated clothing.
contact		Gently wash with plenty of soap and water.
		Get immediate medical advice/attention.
First-aid measures after eye contact	:	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
		Get immediate medical advice/attention.
First-aid measures after ingestion	:	Rinse mouth.
		Get immediate medical advice/attention.
5. Fire fighting measures		
Suitable extinguishing media	:	Water spray, Alcohol-resistant foam, Dry powder, Carbon dioxide, Sand.

Suitable extinguishing media		water spray, Alconol-resistant foam, Dry powder, Carbon dioxide, Sand.
Unsuitable extinguishing media	:	Do not use a heavy water stream.
Explosion hazard	:	May induce explosion of containers by heating.
Hazardous decomposition products in case of fire	:	In case of fire, product may produce irritative or toxic fumes/gases.
Firefighting instructions	:	If ignited, for the initial fire-fighting, cut off combustion sources, extinguish fire at a stroke using appropriate fire-extinguishers.
		In the case of peripheral fire, quickly remove movable containers to safe places.
		If unable to be moved containers, sprinkle water to containers and surrounding equipment, etc. to cool.
		Avoid (reject) fire-fighting water to enter environment.
		Even after extinguishing fire, thoroughly cool containers by using plenty of water.
Protection during firefighting	:	Wear appropriate fire-resistant clothing including self contained- compressed air breathing apparatus.

#### 6. Accidental release measures

#### Personal Precautions, Protective Equipment and Emergency Procedures

General measures :	Before entering, ventilate the area.
	Do not let unauthorized persons come close to the area.
	Immediately place the leakage area in isolation, with taking proper distances for all directions.
	Wear appropriate personal protective devices to prevent inhalation and contact with eye, skin, and clothing, and never attempt to work on the lee.
Environmental precautions	
Environmental precautions :	Avoid release to the environment.
	Prevent entry to sewers and public waters.
Methods and Equipment for Contain	ment and Cleaning up
Methods for cleaning up :	Take care not to generate dust, sweep it up as much as possible, collect it in an empty container that can be sealed, and move it to a safe place.
	Wash out the spilled area with large amounts of water.

### 7. Handling and storage

Handling		
Technical measures	:	Work with appropriate personal protective equipment to prevent inhalation or contact to eyes, skin, and clothing.
		Handle with care to prevent leakage, overflowing, or scattering, minimize generation of mist or vapor, and thoroughly ventilate.
Precautions for safe handling	:	Do not eat, drink or smoke when using this product.
		Thoroughly wash your hands and gargle after handling.
		Ensure good ventilation of the work station.
		Do not contact, breathe or swallow.
Prevents handling of incompatible substances or mixtures	:	Avoid prolonged or repeated exposure.
Storage		
Storage conditions	:	Store locked up.
		Store in a well-ventilated place, away from direct sunlight. Keep container tightly closed and keep away from fire and heat sources.
Material used in packaging/containers	:	Light shielding airtight container.
Technical measures	:	Comply with applicable regulations.
Storage temperature	:	Freeze: -20°C

### 8. Exposure controls / Personal protection equipment

Exposure limit values					
DibutyItin dichloride					
Exposure limits (ACGIH)	TWA 0.1 mg/m3,STEL 0.2 mg/m3 (as Sn) (Skin)				
Appropriate engineering controls	: Cover up tightly the generation source at the handling place or install local exhaust equipment or overall ventilation equipment. Install safety showers and eye-fountains near a handling place. Clearly indicate the location.				
Protective equipment					
Respiratory protection	: Dustproof mask				
Hand protection	: Protective gloves				
Eye protection	: Protective glasses (general glasses, glasses with side-shields, goggles)				
Skin and body protection	: Protective clothing, Protective boots, Protective apron

Revision date: 2/2/2023

Viscosity, kinematic	:	No data available
Particle characteristics	:	No data available
10. Stability and reactivity	y	
Reactivity	:	No data available
Chemical stability	:	Stable under normal handling conditions.
Possibility of hazardous reactions	:	No data available
Conditions to avoid	:	Sunlight, Heat
Incompatible materials	:	No data available
Hazardous decomposition	:	Chlorine compounds, Tin oxides

### 11. Toxicological information

products

The information in this section is based on the "GHS Classification Results" by NITE.

Dibutyltin dichloride				
Acute toxicity (oral)	Category 3			
Acute toxicity (dermal)	classification not possible			
Acute toxicity (gas)	No classification			
Acute toxicity (vapour)	No classification			
Acute toxicity (inhalation:dust/mist)	Category 2			
Skin corrosion/irritation	Category 1			
Serious eye damage/irritation	Category 1			
Respiratory sensitization	classification not possible			
Skin sensitization	classification not possible			
Germ cell mutagenicity	Category 2			
Carcinogenicity	classification not possible			
Reproductive toxicity	Category 1B			
STOT-single exposure	Category 1			
STOT-repeated exposure	Category 1			
Aspiration hazard	classification not possible			

#### 12. Ecological information

The information in this section is based on the "GHS Classification Results" by NITE.

DibutyItin dichloride			
Hazardous to Aquatic Environment - Acute Hazard	Category 1		
Hazardous to Aquatic Environment - Chronic Hazard	Category 1		
Persistence and degradability	No data available		
Bioaccumulative potential	No data available		
Mobility in soil	No data available		
Hazardous to the ozone layer	classification not possible		

#### 13. Disposal considerations

Ecology - waste materials	:	With the detail information of the waste, subcontract its disposal to a waste disposer authorized by a Prefectural Governor.
Contaminated container and packaging	:	Empty the packaging completely prior to disposal. Empty containers should be taken for recycle, recovery or waste in accordance with local regulation.

Revision date: 2/2/2023

Data sources	:	Handbook of 17322 Chemical Products, The Chemical Daily Co, Ltd. International Chemical Safety Cards. National Institute of Technology and Evaluation (NITE). 2020 Emergency Response Guidebook (ERG 2020).
Other information	:	The SDS is copyrighted material of Hayashi Pure Chemical Ind, Ltd. This Safety Data Sheet is intended to be provided for business operators who handle chemical substance products of the relevant product and is not intended to assure safety in any way. The Safety Data Sheet does not verify all the information on the applicable chemical substance in the present time. With the recognition in that unknown danger constantly exists in the relevant chemical substance, the product shall be used in the principle of self-responsibility of the user with the highest priority to safety from transport and unpacking to disposal. When the relevant chemical substance is used, the user him/herself shall collect safety information and shall investigate laws and regulations at the place, organizations, countries, etc. where the substance is actually used and give the highest priority to them. The Company shall take no responsibility for investigating state and local regulations and the user shall handle this problem on his/her own responsibility. In the event that SDS in Japanese and SDS translated into other languages exist, the document described in Japanese is prior to all other documents whether or not there is any difference in contents, and documents in other languages shall be references.
