

Hayashi Pure Chemical Ind.,Ltd.

Date of issue: 12/22/2011 Revision date: 11/14/2023 SDS code: D9-09

e: D9-09 Version: 04

## Safety Data Sheet

### 1. Chemical product and company identification

| Product name   | :            | 0.001mol/L Silver nitrate solution, 2-propanolic   |
|--|--------------|--|
| SDS code   | :            | D9-09  |
| Company/undertaking<br>identification<br>HAYASHI PURE CHEMICAL<br>Address : 3-2-12 Uchihirano<br>Telephone : 06-6910-7305<br>E-mail : shiyaku_kikaku@hp<br>URL : https://www.hpc-j.co.jj | oma<br>oc-j. | chi, Chuo-ku, Osaka, Osaka, Japan  |
| Emergency number   | :            | 06-6910-7305   |
| Recommended use  | :            | For research and experimental use only.  |
| Restrictions on use  | :            | Do not use on a human body or for animal medicines, foods, household products, cosmetics, etc. |

## 2. Hazards identification

### **GHS** classification

Disposal

Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation. (P501)

### 3. Composition/information on ingredients

Distinction of substance or mixture : Mixture

| Name           | Concentration or    | Formula | Kanpo   | CAS RN                            |           |  |
|----------------|---------------------|---------|---------|-----------------------------------|-----------|--|
| name           | Concentration range | ronnula | CSCL no | ISHL no                           |           |  |
| Silver nitrate | About 0.02%         | AgNO3   | (1)-8   | Existing<br>Chemical<br>Substance | 7761-88-8 |  |
| 2-Propanol     | About 98.6%         | СЗН8О   | (2)-207 | 2-(8)-319                         | 67-63-0   |  |
| Water          | About 1.38%         | H2O     | -       | -                                 | 7732-18-5 |  |

The above concentration or concentration range are not product specification.

:

All percentages listed in the above concentration or concentration range are wt%, unless otherwise specified.

### 4. First aid measures

| First aid measures                      |  |
|---|--|
| First-aid measures after inhalation     | Remove person to fresh air and keep comfortable for breathing.   |
|   | Get immediate medical advice/attention.  |
| First-aid measures after skin           | : Remove/Take off immediately all contaminated clothing.   |
| contact                                 | Gently wash with plenty of soap and water.   |
|   | Get immediate medical advice/attention.  |
| First-aid measures after eye<br>contact | : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. |
|   | Get immediate medical advice/attention.  |
| First-aid measures after ingestion      | Do NOT induce vomiting.  |
|   | Rinse mouth.   |
|   | Get immediate medical advice/attention.  |
|   |  |
| E Eiro fighting mooouroo                |  |

#### 5. Fire fighting measures

| Suitable extinguishing media                        | : | Water spray, Alcohol-resistant foam, Dry powder, Carbon dioxide, Sand.   |
|---|---|--|
| Unsuitable extinguishing media                      | : | Do not use a heavy water stream.   |
| Fire hazard   | : | Extremely flammable liquid and vapor.  |
| Explosion hazard                                    | : | Danger of the steam explosion in indoor, outdoor, sewer.   |
|   |   | May induce explosion of containers by heating.   |
| Hazardous decomposition products<br>in case of fire | : | In case of fire, product may produce irritative or toxic fumes/gases.  |
| Firefighting instructions                           | : | If ignited, for the initial fire-fighting, cut off combustion sources, extinguish fire at a stroke using appropriate fire-extinguishers. |
|   |   | In the case of peripheral fire, quickly remove movable containers to safe places.  |
|   |   | If unable to be moved containers, sprinkle water to containers and surrounding equipment, etc. to cool.                                  |
|   |   | Even after extinguishing fire, thoroughly cool containers by using plenty of water.  |
| Protection during firefighting                      | : | Wear appropriate fire-resistant clothing including self contained-<br>compressed air breathing apparatus.                                |

#### 6. Accidental release measures

#### Personal Precautions, Protective Equipment and Emergency Procedures

| · · · · · · · · · · · · · · · · · · · |   |  |
|---------------------------------------|---|--|
| General measures                      | : | Before entering, ventilate the area.   |
|                                       |   | Do not let unauthorized persons come close to the area.  |
|                                       |   | Immediately place the leakage area in isolation, with taking proper distances for all directions.  |
|                                       |   | Wear appropriate personal protective devices to prevent inhalation and contact with eye, skin, and clothing, and never attempt to work on the lee. |

| Environmental precautions                                |      |  |
|--|------|--|
| Environmental precautions                                | :    | Avoid release to the environment.  |
|  |      | Prevent entry to sewers and public waters.   |
| Methods and Equipment for Conta                          | ainn | nent and Cleaning up   |
| Methods for cleaning up                                  | :    | Clean up any spills as soon as possible, using an absorbent material to collect it.  |
|  |      | Collect leaking and spilled liquid in sealable containers as far as possible.  |
|  |      | Wash out the spilled area with large amounts of water.   |
| 7. Handling and storage                                  |      |  |
| Handling   |      |  |
| Technical measures                                       | :    | Work with appropriate personal protective equipment to prevent inhalation or contact to eyes, skin, and clothing.                    |
|  |      | Handle with care to prevent leakage, overflowing, or scattering, minimize generation of mist or vapor, and thoroughly ventilate.     |
| Precautions for safe handling                            | :    | Do not eat, drink or smoke when using this product.  |
|  |      | Thoroughly wash your hands and gargle after handling.  |
|  |      | Ensure good ventilation of the work station.   |
|  |      | Do not contact, breathe or swallow.  |
|  |      | Take precautionary measures against static discharge.  |
|  |      | Use explosion-proof equipment.   |
| Prevents handling of incompatible substances or mixtures | :    | Avoid prolonged or repeated exposure.  |
| Storage  |      |  |
| Storage conditions                                       | :    | Store locked up.   |
|  |      | Store in a well-ventilated place, away from direct sunlight. Keep container tightly closed and keep away from fire and heat sources. |
| Material used in<br>packaging/containers                 | :    | Light shielding airtight container.  |
| Technical measures                                       | :    | Comply with applicable regulations.  |
| Storage temperature                                      | :    | Cool and dark place  |
|  |      |  |

# 8. Exposure controls / Personal protection equipment

| Exposure limit values            |  |
|----------------------------------|--|
| Silver nitrate                   |  |
| Exposure limits (JSOH)           | 0.01mg/m3(as Ag)   |
| Exposure limits (ACGIH)          | TWA 0.01 mg/m3,STEL - (as Ag)  |
| 2-Propanol                       |  |
| Japan administration level       | 200ppm   |
| Exposure limits (JSOH)           | [Ceiling]400ppm(980mg/m3)  |
| Exposure limits (ACGIH)          | TWA 200 ppm,STEL 400 ppm   |
| Appropriate engineering controls | : Cover up tightly the generation source at the handling place or install local exhaust equipment or overall ventilation equipment. Install safety showers and eye-fountains near a handling place. Clearly indicate the location. |
| Protective equipment             |  |
| Respiratory protection           | : Gas mask for organic gases   |
| Hand protection                  | : Impervious protective gloves   |
| Eye protection                   | : Protective glasses (general glasses, glasses with side-shields, goggles)   |
| Skin and body protection         | : Impervious aprons, Impervious work clothing, Impervious long boots   |
|                                  |  |

## 9. Physical and chemical properties

| Physical state | : | Liquid                |
|----------------|---|-----------------------|
| Appearance     | : | Liquid                |
| Color          | : | colorless transparent |
| Odor           | : | characteristic odor   |
| рН             | : | 3.4 (25°C)            |

| Melting point                                       | : | No data available                       |
|---|---|---|
| Freezing point                                      | : | No data available                       |
| Boiling point                                       | : | 83 °C (as 2-propanol)                   |
| Flash point   | : | 11.7 °C (as 2-propanol, tag closed cup) |
| Auto-ignition temperature                           | : | No data available                       |
| Decomposition temperature                           | : | No data available                       |
| Flammability (solid, gas)                           | : | No data available                       |
| Vapor pressure                                      | : | No data available                       |
| Relative density                                    | : | No data available                       |
| Density   | : | 0.79 g/cm³ (20℃)                        |
| Relative gas density                                | : | No data available                       |
| Solubility  | : | No data available                       |
| Partition coefficient n-<br>octanol/water (Log Pow) | : | No data available                       |
| Explosive limits (vol %)                            | : | No data available                       |
| Viscosity, kinematic                                | : | No data available                       |
| Particle characteristics                            | : | No data available                       |
|   |   |   |

# 10. Stability and reactivity

| Reactivity                          | : | No data available   |
|-------------------------------------|---|---|
| Chemical stability                  | : | Stable under normal handling conditions.  |
| Possibility of hazardous reactions  | : | Reacts with acids and strong oxidizing agents, causing fire and explosion hazard.   |
| Conditions to avoid                 | : | Sunlight, moisture, heat. Ignition sources such as spark, flame and static electricity. Contact with acids, strong oxidizing agents, strong reducing agents, strong bases, ammonia and magnesium. |
| Incompatible materials              | : | Acids, Strong oxidizing agents, Strong reducing agents, Strong bases, Ammonia, Magnesium  |
| Hazardous decomposition<br>products | : | Nitrogen oxides, Silver compounds   |

## **11. Toxicological information**

The information in this section is based on the "GHS Classification Results" by NITE.

| As a product                          |   |
|---------------------------------------|---|
| Acute toxicity (oral)                 | No classification                                     |
| Acute toxicity (dermal)               | classification not possible                           |
| Acute toxicity (inhalation)           | vapors:No classification                              |
|                                       | Gases:No classification                               |
|                                       | dust, mist:classification not possible                |
| Skin corrosion/irritation             | No classification                                     |
| Serious eye damage/irritation         | Category 2  |
| Respiratory sensitization             | classification not possible                           |
| Skin sensitization                    | classification not possible                           |
| Germ cell mutagenicity                | classification not possible                           |
| Carcinogenicity                       | classification not possible                           |
| Reproductive toxicity                 | Category 2  |
| STOT-single exposure                  | Category 1 Category 3 (Respiratory tract irritation.) |
| STOT-repeated exposure                | Category 1 Category 2                                 |
| Aspiration hazard                     | classification not possible                           |
| Silver nitrate                        |   |
| Acute toxicity (oral)                 | Category 4  |
| Acute toxicity (dermal)               | classification not possible                           |
| Acute toxicity (gas)                  | No classification                                     |
| Acute toxicity (vapour)               | No classification                                     |
| Acute toxicity (inhalation:dust/mist) | classification not possible                           |
| Skin corrosion/irritation             | Category 1  |
| Serious eye damage/irritation         | Category 1  |
| Respiratory sensitization             | classification not possible                           |
| Skin sensitization                    | classification not possible                           |

| Silver nitrate   |   |
|--|---|
| Germ cell mutagenicity   | classification not possible                           |
| Carcinogenicity  | classification not possible                           |
| Reproductive toxicity  | classification not possible                           |
| STOT-single exposure   | Category 3 (Respiratory tract irritation.)            |
| STOT-repeated exposure   | Category 1  |
| Aspiration hazard  | classification not possible                           |
| 2-Propanol   |   |
| Acute toxicity (oral)  | No classification                                     |
| Acute toxicity (dermal)  | No classification                                     |
| Acute toxicity (gas)   | No classification                                     |
| Acute toxicity (vapour)  | No classification                                     |
| Acute toxicity (inhalation:dust/mist)  | classification not possible                           |
| Skin corrosion/irritation  | No classification                                     |
| Serious eye damage/irritation  | Category 2  |
| Respiratory sensitization  | classification not possible                           |
| Skin sensitization   | classification not possible                           |
| Germ cell mutagenicity   | classification not possible                           |
| Carcinogenicity  | classification not possible                           |
| Reproductive toxicity  | Category 2  |
| STOT-single exposure   | Category 1 Category 3 (Respiratory tract irritation.) |
| STOT-repeated exposure   | Category 1 Category 2                                 |
| Aspiration hazard  | classification not possible                           |
| Water  |   |
| Acute toxicity (oral)  | No classification                                     |
| Acute toxicity (dermal)  | No classification                                     |
| Acute toxicity (gas)   | No classification                                     |
| Acute toxicity (vapour)  | No classification                                     |
| Acute toxicity (inhalation:dust/mist)  | No classification                                     |
| Skin corrosion/irritation  | No classification                                     |
| Serious eye damage/irritation  | No classification                                     |
| Respiratory sensitization  | No classification                                     |
| Skin sensitization   | No classification                                     |
| Germ cell mutagenicity   | No classification                                     |
| Carcinogenicity  | No classification                                     |
| Reproductive toxicity  | No classification                                     |
| STOT-single exposure   | No classification                                     |
| STOT-repeated exposure   | No classification                                     |
| Aspiration hazard  | No classification                                     |
